24 hour notice is required for cancellation of tours and trips for full refund.

When you start your detoxification with us we strongly encourage you to complete the process. It is natural for the detoxification process to be unsettling and uncomfortable during the initial period. It is important to us to see you through this. When people leave in the middle of the process the consequences can be detrimental to their health, both psychologically and physically. We find that resistance to change is strongest in the first few days. Our refund policy is intended to support your transition.

Gerson Supplements

The Gerson program requires post-treatment supplements and medication, which are not included in the price. Each person receives a 3 month supply to be used at the clinic and later on at home. *Most* supplements are a 3 month supply, not *all* of them. Find an example at <http://www.gersonhawaii.us/supplements.html> .

In addition to Gerson Therapy, compatible naturopathic treatments may be suggested, e.g. for bone metastasis, breast, ovarian & prostate cancer.
